A short guide to learning with Tembo Applications

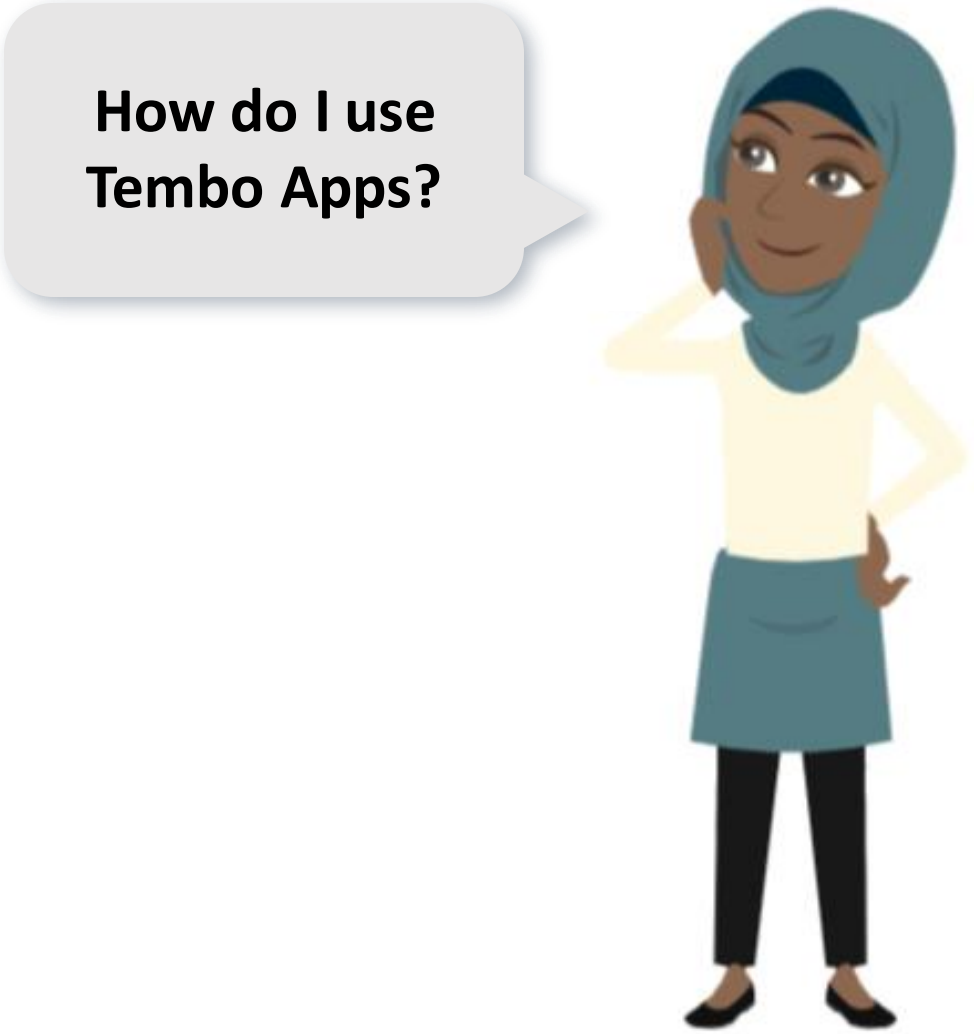

Table of content

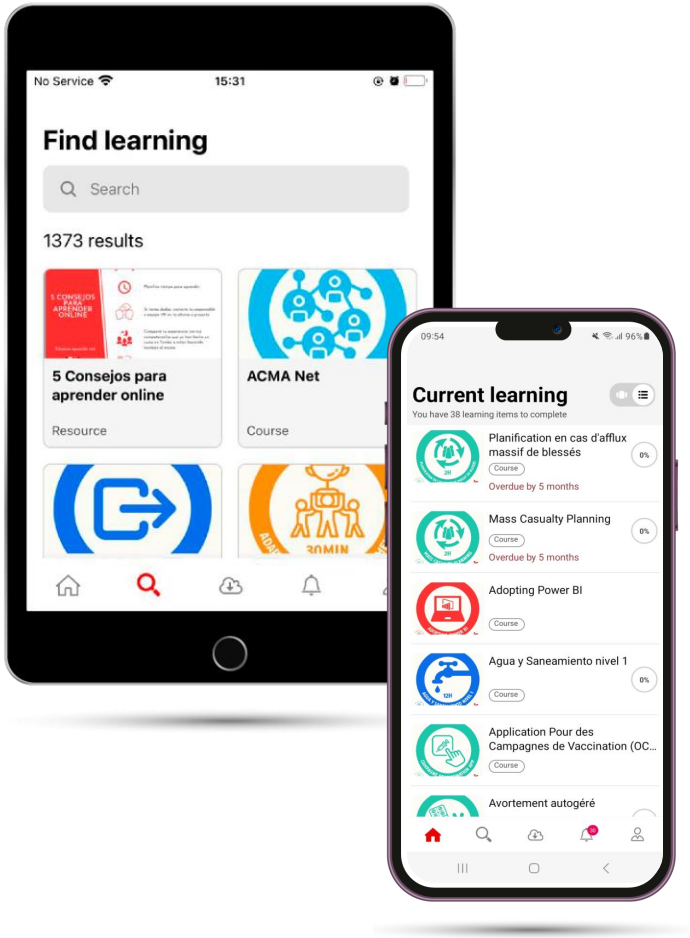
In this guide you will find:

- How to download the applications (Android / iOs)
- Once in the application
- How to look for a course and follow a course
- How to download content?
- Features only accessible in Tembo website!

Tembo Applications for iOs and Android

Tembo applications (iOs and Android) are available in your Playstore or App store for you to install in your smartphone or tablet!

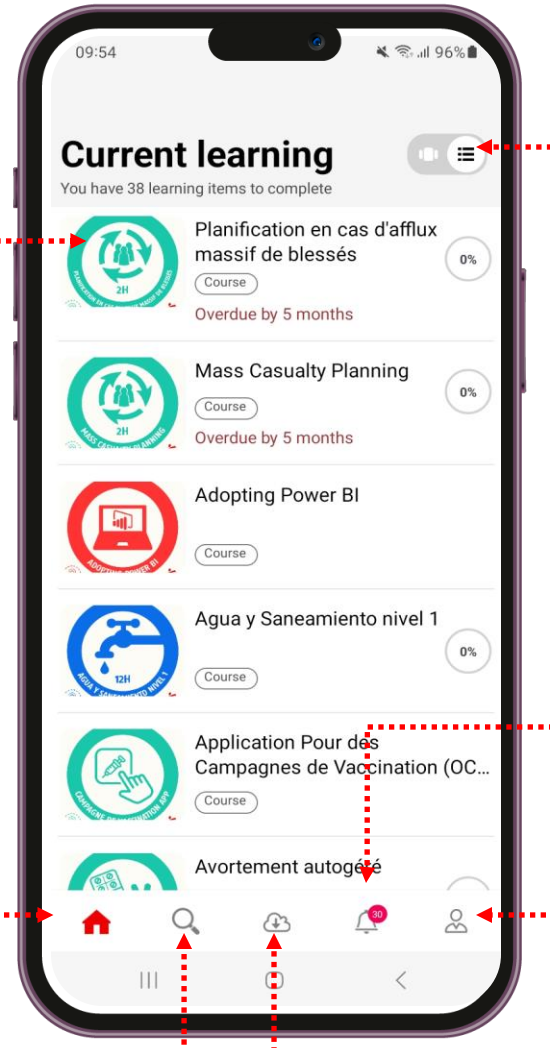


How to Download the Apps (Android / iOs)

- **Open the Google Play Store (Android) or App store (iOS)**: Locate the store app on your phone's home screen or app drawer and tap on it to open it.
- **Search for the Tembo App:** write “Tembo MSF” in the search bar and click on search
- **Look for the Tembo app and Tap "Install", ”Get” or “Update”** (in case you had our previous app): Tap on the “install/Update” button to initiate the download and installation process.
- If requested, **accept app permissions: tap "Accept" or "Allow"** to proceed with the installation.
- **Wait for the download and installation to be complete:** Ensure you have a stable internet connection to complete the download successfully.
- **Launch the app:** tap "Open" from the Play Store or find the app on your home screen or app drawer to launch it.
- **Click on** “**Get Started**” to log in and start learning!

MSF Tembo Learning - Apps on Google Play
MSF Tembo Learning on the App Store (apple.com)

When you open the app



Adapt the view of your current learning (big/small icons)

The list of the courses you are currently in progress with

Your notifications

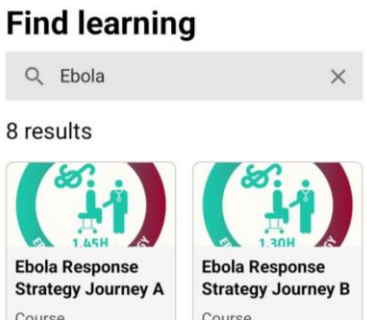
Your profile (for changes, go on Tembo website!)

Access the catalogue and look for a course

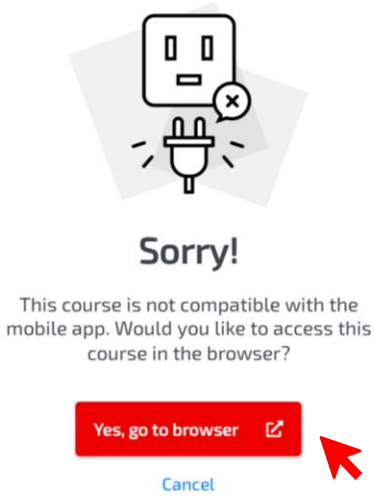
See your downloaded content

Look for and access a course/resource



When looking for a course:

- Write the **complete keyword** you are looking for better results!
- Filters are unfortunately only available on the website!



Accessing courses/resources:

- Some courses/resources are directly available on the application, you can open and learn!
- For others, you will be prompt to open your browser to access the course – click on yes, go to browser and start learning!

How to download content 1/2

Open a course and...
